10:30 a.m.

Tyler Police Crime Scene unit is on the scene collecting evidence.

3:47 p.m.

Press release sent to Media.

Press Statement  
September 14, 2016

TJC Campus Police are conducting an investigation regarding shots fired on campus Monday evening at 11:42 p.m. The incident involved unidentified male subjects coming to campus to confront a TJC student outside of a residence hall.

TJC Campus Police responded immediately to the scene, secured the scene and also called Tyler Police to respond. The unidentified subjects fled the scene and TJC Campus Police made a determination that this was an incident isolated to a dispute initially involving a few individuals, male subjects and a female subject, and that the incident did not pose an immediate threat to students throughout the campus. There were no injuries.

Safety is of paramount concern to TJC and the College has zero tolerance for any behavior which violates school policies and criminal behavior.

While it is still an ongoing investigation, TJC has taken immediate action to suspend students involved in the incident. Following further investigation, TJC will pursue all available actions including enforcement of any violations of school rules and policies as well as full prosecution of any criminal behavior.

BULLET HOLE IN AIR-CONDITIONER A bullet hole went through an air-conditioner on the right side of Sledge Hall.
